

BEGINNING OF THE END OF LABOR TROUBLES ON COUNTRY'S R. R. LINES

New York Central Makes Peaceful Settlement with Two Brotherhoods—Other Roads to Do Same—Means Smashup of War Born System of National Agreements

(By The Associated Press)
NEW YORK, Sept. 15.—The beginning of the end of all the labor troubles that have from time to time beset the transportation lines of the nation for the past several years, was believed by many railway heads and union chiefs to have come today when the New York Central Lines made peaceful settlement with two of the operating brotherhoods and the Pennsylvania system began negotiations toward a similar end.

Arrangements for like conferences here next week between brotherhood leaders and six other big eastern carriers were under way tonight. By today's agreement the various roads making up the New York Central System agreed to continue for one year beginning Sept. 30 the present wage scale and working rules for their trainmen and conductors and to withdraw from the labor board their request made more than a year ago for a downward revision of wages and the elimination of time and a half pay for overtime work.

REPORTED THAT SOVIET RUSSIA IS WITH TURKS

Ready to March to Assistance of Mustapha Kemal Pasha

(By The Associated Press)
RIGA, Latvia, Sept. 16.—The Russian revolutionary military council, presided over by Leon Trotsky, is reported to have decided to prepare immediately for action, all the forces in the Caucasus and the Soviet Black Sea fleet.

It is reported that one corps of soviet forces is stationed on the Angora frontier, ready to march to the assistance of Mustapha Kemal Pasha in case the Turkish nationalist leader advances on Constantinople.

An extraordinary conference of the revolutionary military council presided over by Leon Trotsky, has been held in Moscow. The resolutions passed at the session are being kept secret but persons claiming to have knowledge of them assert that it was decided to take the steps outlined above.

From other sources it was reported that the Russo-Angora treaty binds the Moscow government to co-operate with Mustapha Kemal Pasha in the capture of the Dardanelles, Russia to receive as compensation complete freedom of action in the Black Sea. General Sergius Kamenef, commander-in-chief of the Bolshevik armies is said to have departed for the Caucasus.

The Moscow government officially announces the calling to the colors of hitherto exempted citizens born in 1901.

PROPOSE NEW PRAYER FOR MARRIAGE SERVICE

(By The Associated Press)
PORTLAND, Ore., Sept. 15.—The house of bishops of the general convention of the Protestant Episcopal church today approved a report of the commission on home and family life in which emphasis is placed upon the duty of Christians to rear families and the house of deputies approved an entirely new prayer in the marriage service which the house of bishops propose to insert in the prayer book. This has become known in convention circles as an "anti-race suicide prayer."

It follows:

"Bless O God, we pray, Thee, the union of these, Thy servants, that it may be fruitful according to them to train in health of body and of soul the children whom Thou givest them, thru Jesus Christ, Thy son, our Lord, Amen."

RETURNS FROM COLORADO.
Miss Margaret Clampt daughter of Dr. and Mrs. L. H. Clampt has just returned from a three months' visit in Denver, Colo.

Miss Clampt had a most enjoyable trip to many places of interest in Colorado, and visited friends and relatives. She was the guest of an uncle, Moses Clampt, and of Dr. and Mrs. Strickler. Dr. Strickler was at one time connected with the state hospital in this city but is now attached to the Fort Fitzsimons army post.

FATE OF SOLDIER BONUS NOW RESTS WITH PRESIDENT

Senate Adopts Report Which Now Goes to the Executive

(By The Associated Press)
WASHINGTON, Sept. 15.—Fate of the soldier bonus bill now rests with President Harding. The senate today adopted the conference report on the measure and it goes to the president for his approval or veto. The vote was 36 to 17.

The question as to what the president would do with the measure entered largely into the debate which preceded adoption of the report and opinion was divided.

Conceding that while the question of the president's attitude was, as Senator Harrison, Democrat, expressed it "up in the air" Senator McCumber, Republican, in charge of the bill, said "he hoped to God" the president would sign it.

"I think he ought to sign it," he declared, adding that if senators who wanted to help the soldiers would remain in Washington until a "final vote" there would be sufficient votes to pass it over a veto.

Some house leaders were of the opinion that if the president decided to veto the measure it would be returned to congress early in the coming week. In that event it was the plan to bring up speedily in the house the question of overriding the veto. Proponents of the legislation were confident the necessary two thirds majority could be obtained, the house having passed the bill by a majority of more than four to one.

Admittedly there was doubt as to the situation in the senate. Opponents claimed the veto would be sustained.

As it goes to the president tomorrow the bonus bill would provide four options:

Adjusted service pay if the veterans' adjusted service credit at the rate of \$1 a day for domestic service and \$1.25 a day for foreign service did not exceed \$50.

Adjusted service certificates having a face value equal to 2.015 times the amount of the adjusted service credit and payable at the end of twenty years or sooner at the death of the veteran.

Vocational training aid at the rate of \$1.75 a day after January 1, 1923, with the total payment limited to 140 percent of the adjusted service credit.

Home and farm aid in an amount equal to the adjusted service credit increased by 25 percent.

Banks would be authorized to make loans on the service certificates during the first three years in amounts "not to exceed fifty percent of the adjusted service credit which credit would be limited to \$500 in the case of veterans who had no foreign service and \$625 to those who had foreign service."

After three years the government would make loans on the certificates. The estimated cost of the bonus is approximately \$4,000,000,000 which would be made a direct charge against the federal treasury as no provision is made for financing.

SENATE ADOPTS REPORT ON TARIFF

(By The Associated Press)
WASHINGTON, Sept. 15.—The house, by a vote of 210 to 90, adopted today the conference report on the administration tariff bill. Ten minutes later the measure had been reported back to the senate, where it was made the unfinished business for tomorrow. Final legislative action before the end of next week was looked for by Republican leaders. Three attempts were made in the house to get the bill back into conference for a third time but two were blocked on points of order and the third was defeated by a direct vote 193 to 108.

COLLAPSE OF GREEK ARMY BRINGS OLD PROBLEM TO FORE

Constitutes Threat Against Peace and Well Being of Europe
(By The Associated Press)
LONDON, Sept. 15.—(By The American Press.)—With the utter collapse of the Greek army in Asia Minor before the Turks, the long smoldering near east problem again has suddenly been brought up and in some quarters is considered as constituting a threat against the peace and well being of Europe, owing to the differing interests and conflicting views of the principal allied governments. It is considered no longer a mere question between the Turks and the Greeks but to have developed into a direct conflict between Turkey and the allied powers.

The center of the problem concerns the future fate of Constantinople and Thrace and here lies the principal difference between Great Britain and France, Great Britain desires to keep the Turks out of Europe and France is believed to sympathize with the Turks and to desire them to regain Eastern Thrace.

Jugo-Slavia and the other nations of the little entente would fiercely oppose the Turks being re-admitted to Thrace and it is believed in some quarters that any such developments would again throw the Balkan question into the melting pot. Then there is the question of soviet Russia's attitude and the soviet seems to be giving support to the pretensions of the Kemalists.

There is a general feeling reflected in official circles in London that the British policy toward the Turks which has been apparent for several years will be continued to the bitter end. With the Turks now ready to live or to die by the national pact of Angora, which they declare has been consecrated by the blood of many thousands of their dead soldiers a deadlock is thought in some quarters to have been created which diplomacy may not be able to break.

FORD TAKES STEPS TO CLOSE DETROIT AUTOMOBILE SHOPS

Notifies Street Railway Officials to Take Care of Employees

(By The Associated Press)
DETROIT, Mich., Sept. 15.—Henry Ford today took steps to close his Detroit automobile plants, beginning tonight, thereby throwing more than 100,000 workmen in the Detroit district out of employment for an indefinite period. He asked officials of the Detroit Street Railway to rearrange its schedules to care for the night forces at his various factories who will be dismissed at 11 o'clock, it was announced.

Announcement of the intended closing came from officials of the street railway company. No official statement from Mr. Ford or his executives was forthcoming late today it having been stated this morning at Ford offices that the manufacturer's announcement several weeks ago that he would close Sept. 16, would stand unless he altered his plans.

The railway company it was announced was requested to concentrate its cars at the Highland Park and other Ford plants at 11 o'clock tonight to carry the shifts finishing work at that hour as well as those reporting for work to their homes.

The day shifts will be dismissed at the end of the working day tomorrow the street railway company was informed.

Simultaneously it was announced a number of smaller manufacturing concerns here that supply the Ford plants with parts and accessories will close. These companies employ more than 30,000 men. The Ford workers to be thrown out of employment total approximately 70,000.

Mr. Ford announced several weeks ago that he would close his Detroit plants September 16 because of the coal situation. Ford Motor company foreman received instructions this afternoon to advise all workers under their charge to save their money and live as economically as possible, during the suspension.

Many workers said they took this to mean the shutdown might be protracted.

According to word received by the street railway officials from Mr. Ford, practically all operations in the Ford plants here will have ceased by late tomorrow. About 2,000 men will be kept at work in River Rouge firing the coke ovens. To permit these ovens to grow cold would ruin them, Mr. Ford has said.

A large number of employees including shop foremen told newspapermen that notices had been posted announcing the Ford trade school where the manufacturer trains mechanics would close tomorrow. This school remained in operation during the Ford shut down of 1920 and 1921.

STRIKING SHOPMEN IN U. S. TO GET AID FROM MEX. R. R. MEN

Will Receive \$87,500 a Month from Union Men in Mexico
(By The Associated Press)
EL PASO, Texas, Sept. 15.—Striking railroad shopmen in the United States will receive \$87,500 a month from the members of the Federation of Railway Employees of Mexico as a result of negotiations between C. N. Idar, national representative of the American Federation of Labor, and E. De La Torre, an agent of the Mexican Union in Juarez, Idar announced today. Today \$500 was turned over to Idar to be forwarded to the headquarters of his organization at Washington for distribution.

"The money will be raised by the Mexicans," Idar said, "thru the paymasters of the railroads. They will take out \$2.50 from the monthly pay checks of 35,000 employees."

These donations, according to the agreement reached, are to continue as long as the strike lasts.

ASSOCIATED PRESS MEN TO MEET HERE

Twelfth Annual Gathering of Good Fellowship Club to Be Held Tomorrow—Rev. M. L. Pontius Will Make Address.
The twelfth annual meeting of The Associated Press Good-Fellowship Club will be held in this city Sunday, Sept. 17.

The program will be composed of Associated Press telegraphers and news men, telegraph editors from newspapers and wire chiefs from telegraph and telephone companies. About forty out of one members are expected to attend the meeting tomorrow.

The business meeting has been called for 10 o'clock in the Chamber of Commerce room. This meeting will be followed by a dinner at Pacific Hotel. After the dinner the visitors will be given an automobile ride over the city, members of the Chamber of Commerce and Jacksonville citizens having donated automobiles.

At the dinner which will be at 12:30 p. m., W. L. Fay will act as toastmaster and Rev. Myron L. Pontius will deliver the principal address. Mrs. A. R. Gregory with Willard Wagner as accompanist will sing a group of songs. Other speakers will be Mayor E. E. Crabtree and Herbert L. Dunn, chief of the Traffic Department of The Associated Press, with headquarters at Chicago.

BRITISH FLEET WILL OPPOSE TURKS

(By The Associated Press)
LONDON, Sept. 15.—If Mustapha Kemal Pasha should attempt to move his victorious forces against Constantinople, he will be opposed by the British fleet.

The British cabinet after a meeting today announced that instructions had been issued to the British admiral to allow no Turkish troops to make the crossing from Asia Minor to the European shore.

Complete agreement was reached with the French at the cabinet meeting for the protection of the neutral zones on both sides of the straits of the Dardanelles and also of Constantinople. A note is to be sent to Mustapha Kemal by Italy, France and Great Britain asserting that pending a permanent arrangement of the situation the neutral zones must be respected.

Preparations are being made by the British to send reinforcements into the neutral zones.

FIVE MEN ARE ASPHYXIATED
San Francisco, Cal., Sept. 15.—Five men, three of them quarantined officers, and two longshoremen, were asphyxiated and at least ten others suffered from cyanide gas poisoning today in the Shinyo Maru as the vessel rode at an anchor here today. The gas was being used in fumigating.

BURLINGTON REACHES MUTUAL AGREEMENT WITH SHOP CRAFTMEN

Hale Holden, President of Road, Makes Announcement Last Night—Illinois Central Railroad Averse to the Plan of Settlement—Rock Island System is Not Concerned

(By The Associated Press)
CHICAGO, Sept. 15.—A mutual agreement embracing a new schedule of rates of pay and working rules has been reached between "direct representatives of the present shop craft employees" and officials of the Chicago, Burlington & Quincy railroad, Hale Holden, president, announced tonight.

The "so-called Willard-Jewell plan" is thus disposed of, a statement by Mr. Holden says.

The contract with the representatives of the present mechanical craftsmen, according to a statement issued by Mr. Holden, provides a graduated rate of pay for differing skill and territory differentials involving in some instances increases over the former scale.

"Some important revisions in rules and working conditions of interest and advantage to the employees and to the company were agreed to," the statement said. "During the past two weeks," it continued, "representatives were authorized by employees in the mechanical department now in service to negotiate these rules and rates of pay with the management."

"These representatives were duly selected by elections held at all points on the system. Our mechanical officers have been in negotiation with the representatives chosen by the employees culminating in the successful agreement reached and signed today. Any consideration of the so-called 'Willard plan' of settlement with the outside unions is thus finally disposed of by the recognition of and contract with direct representatives of the present shop craft employees of the Burlington," the statement concludes.

In contrast to the action of the Burlington, striking shopmen of the Chicago & Northwestern and the Chicago, Milwaukee & St. Paul roads, 27,000 in all returned to work at various points on the respective systems. It was indicated by officials of these roads that their complete forces would be at work by mid-night Monday. The probability of three eight hour shifts being used in the shops was under consideration tonight.

It was pointed out that a higher standard of service and a greater number of employees will be used if the three shift plan of operation is adopted.

I. C. Averse to Plan
Officials of the Illinois Central today declared they were averse to the plan of settlement as negotiated by the shopmen. In connection with this declaration it was said that the road had increased its present shop force 4 percent over its number of employees in service on July 1.

Rock Island System officials reiterated that they were not concerned with the settlement plan as proposed by the shop craft.

Union leaders today held several conferences but refused to disclose their nature.

Union men who are guilty of overt acts which occurred during the strike likely will not be shielded by the unions in their efforts to reach agreements with the various railroads it became known thru reliable sources.

The action to be taken in the case of these employees will be left to the road managements, it was indicated.

Letters to the Union Pacific, Southern Pacific, Northern Pacific and the Missouri, Kansas & Texas officials for a reconsideration of the shop craft settlement plan will be sent soon it was learned at union headquarters.

SITUATION IS COMPLICATED IN ASIA MINOR

Burning Port of Smyrna Makes Conditions the More Grave

(By The Associated Press)
LONDON, Sept. 15.—The destruction of the great port of Smyrna by fire, accompanied by reports of horrible massacres perpetrated by the Turkish Nationalist forces, the victims numbering between one and two thousand persons has still further complicated the already grave situation in Asia Minor.

Reports of these massacres appear to depend largely upon possibly exaggerated statements of terrified refugees, but it seems impossible to doubt from information reaching London that a number of lives have been sacrificed, women outraged and other atrocities committed.

Destruction of the greater part of Smyrna left some 60,000 Turks and Armenians homeless and destitute and some fourteen naturalized Americans are missing.

If the British government has received official reports of happenings in Smyrna from its representatives there or from Turkish waters, none of them has been issued for publication and the only news reaching here is contained wholly in first reports.

According to one report the Turks deliberately burned the city to hide the evidences of their massacres and pillagings, but what appears more probable from other reports as to the Turkish motive was to force the allies to evacuate the entire Christian population and thereby settle the problem of minorities in Anatolia.

FOUDN FACTORY IN EXCELLENT CONDITION
John S. MacCallin a deputy factory inspector spent yesterday in Jacksonville. He visited a number of business establishments and was able to report them all in very satisfactory condition and fully observing the law. Mr. MacCallin has been in the department for twelve years and said yesterday that he would like to beat testimony that the present chief inspector R. L. Dye is the hardest working department head that he has known.

CHILDREN FOUND NOT DEPENDENT

A jury in the county court yesterday found that the children of Mr. and Mrs. Daniel McBride are not dependent. The father lives in Chicago and for a number of months the children have been cared for in the homes of relatives here, the mother being a patient at Jacksonville State hospital.

It was the testimony of several of the relatives that they had been paying all the expenses of the children and had aided the mother financially. The father maintained that altho he is living in Chicago that he had not lost interest in the children and that he is able to support them. Some of the testimony was of conflicting character.

The jury after some deliberation decided that the children should be allowed to remain in the control of their father. W. T. Wilson, Judge Brockhouse, State Attorney Robinson, W. N. Hairgrove and Paul D. Moriarty were all interested in the case.

A THOUGHT
My times are in Thy Hand—
Psalm 31:15.

Oh, there are some who want to get away from all their past; who, if they could, would begin all over again. But you must learn, you must let God teach you, that the only way to get rid of your past is to get a future out of it.—Phillip Brooks.

As someone has said we soon get back to normalcy in this country—for another Balkan war is imminent.

The Decatur Review suggests that the Missouri mule used to have prominent place in the world but its fame has passed before that of the "white mule." State's Attorney Robinson is evidently trying to lessen white mule popularity in this county.

Talking about white mule, and bootleggers, one wonders which becomes of all the great wealth these dispensers of liquid refreshment are supposed to have gained. Several of the persons arrested in recent raids in this county are now in jail unable to pay their fines. Others mortgaged property after

their arrests to raise the money for fines.
Cabled stories indicate that the Turk is rampant again and that thousands are paying the penalty to his thirst for blood and fiendish desire to kill and mutilate. Yet there are those who continue to say that the Turk is only half bad, just the victim of circumstances and fanaticism.

In Oklahoma a boy under sixteen years of age has been given a death sentence because of the confessed murder of a white woman. The whole court proceeding has occupied only a few days. If such swift penalties were meted out in all criminal cases there would be far less crime in this country. The law's delays are frequently the cause for contempt of law and more wrong doing.

In Chicago the board of education building program calls for the expenditure of \$22,000,000 in three years time. However, the superintendent of schools believes that the erection of the proposed new buildings cannot proceed fast enough to prevent a continuance of crowded conditions. Either Chicago is growing with marvelous rapidity or else present school facilities are terribly inadequate.

It remains to be seen just what relief will come to the public thru the passage of the bill intended to prevent profiteering in coal. Operators in this state already present conditions which deserve attention from the government. Prices on domestic coal have been raised by the operators about 75 per cent by comparison with the prices of last April 1. Complaints of car shortage came just as soon as the mines opened and one excuse after another is given for raising prices to figures that are entirely unreasonable.

BERTON BRALEY'S DAILY POEM
Foolish Land
BY BERTON BRALEY
(After re-reading Alice in Wonderland and Davy and the Goblin)
I've been on a journey with Davy and Alice
To the land of nonsensical fun.
I've seen the White Queen in her ludicrous palace;
In the hat of the Goblin I've spun.
I've met with the whale that was talking with Davy,
And the Rabbit that Alice pursued,
And the Mock-Turtle singing by seas that were wavy,
And the Duchess—cragiously rude!
I've sipped my cold tea with the Dormouse and Hatter,
I've met the White Knight in the wood,
I've heard Humpty-Dumpty's nonsensical chatter,
And found it exceedingly good.
With Davy I've visited Robinson Crusoe,
And Sinbad the Sailor as well,
I've heard all their stories told over anew, so
I've many gay stories to tell.
WITH Davy I've wandered, with Alice I've traveled
A whimsical, fanciful way,
I've seen miles of magical nonsense unraveled
In a land of fantastical play;
I've been far afield from the world and its malice,
Afar from its dust and its grime,
Once more I've been reading of Davy and Alice,
And I've had a wonderful time!

THREE INJURED IN AUTO ACCIDENT
Cars Come Into Collision Three Miles Northeast of City—Mrs. Boyce, Mrs. Oliver and Daughter Hurt.
Mrs. Sarah E. Boyce, her daughter, Mrs. Oliver Hamm, and little grand daughter, Mildred, were severely injured Friday morning when the car in which they were riding in company with Mrs. Kate Ledford came into collision with one driven by Charles Magill, at a point near the Lawrence Flynn residence about three miles northeast of Jacksonville. Mrs. Ledford was not injured nor was Mr. Magill.

The injured persons were hurried to Our Savior's hospital where they were attended by Drs. Norris, Bove and Canatsey. In the collision Mrs. Hamm was thrown from the car and sustained a severe cut on the head extending well down to the neck and some fear is felt that she may have received a skull fracture. Mrs. Boyce, a lady of 75 years, suffered a fractured shoulder and several minor cuts and bruises. The grand daughter, Mildred, sustained several cuts and bruises, one cut requiring several stitches to close. The Bove and Hamm families are well known in this community and reside a little over two miles northeast of the city.

HAS STATE FAIR TICKETS FOR CHILDREN
Monday, Sept. 18 has been designated as school children's day at Illinois state fair. Any boy or girl who lives in the state will be admitted free to all parts of the fair grounds Monday. A large supply of tickets have been received by County Superintendent Vasconcellos who will gladly give to any boy or girl of Morgan county a ticket of admission who will apply for it at his office. A goodly number of teachers of district schools have made application for tickets for their pupils and there will no doubt be a large delegation of young Americans attend the fair from Morgan county Monday.

TRAINING CENTER WORK EXPLAINED
A. C. Kolhoff Made Interesting Address at Rotary Club Luncheon.
A. C. Kolhoff, educational director of the Federal Vocational Training Center at the Jacksonville State hospital, was a guest and principal speaker at the weekly meeting held Friday at the Pacific hotel.
Mr. Kolhoff's remarks concerning the vocational training and assistance being given ex-soldiers at the hospital in Jacksonville, as well as the several other such centers in the United States, were heard with much interest by those present.
The speaker described the classification of patients and outlined the work being done which is directed to the restoration of the subjects' injured mentality. He stated that in 1921 there were 28,000 mentally afflicted ex-service men in the United States but that due to intensive training efforts the number has been reduced by more than four thousand. In the Jacksonville hospital vocational training is being given to 93 ex-service men at this time and 80 are now drawing government compensation.
A pleasing number of the regular Rotary program was an interpretation by Willard Wesner of a musical number written by a member of the Panama Rotary club and dedicated to the International subsidiary clubs.
Other guests of the club were W. J. Eads, Marlon, Ohio, and Rev. G. E. Stickney, Vice President Dr. A. H. Dollear, presided at the meeting.

MOCK WEDDING AT NURSES' HOME

Ceremony Was Said Friday Evening—Wedding Supper Followed.

A very pretty and delightful mock wedding took place at the nurses' home at Passavant hospital Friday evening at 6 o'clock.

The bride, Miss Nina Pond, made a beautiful appearance draped in window curtain lace veil, and Miss Lillian Shade as the groom made the dashing and handsome man. Miss Emma Lang acted as best man and acted the part most efficiently, both as chief cook before the ceremony and as hostess to the wedding supper.

Miss Lillian Price was the charming bridesmaid. Miss Maude Robinson took the roll of the demure little flower girl, while Miss Alice Tarsh, who has the distinction of being the right party in the right place at the right time officiated in the role of minister.

After the bridal ceremony the bridal party sat at a wedding supper, which had the distinction of being prepared entirely of products grown in Morgan county. Chickens fresh from the clover fields of the home of one of the student nurses and cakes made by the master hands of two other student nurses added greatly to the sumptuous menu. It is said that the bride and groom both had to be pried from the chairs at the wedding feast.

Reluctantly they adjourned to the parlors where the evening was most pleasantly spent with games and music.

Gilmore
Funeral services for the late Hugh Gilmore were held Friday at 11 o'clock at Grace Chapel M. P. church. Services were conducted by the pastor, Rev. J. L. Wallace of Concord. Burial was made in Arcadia cemetery. The pall bearers were Harry

with whom he was living. He was 70 years and 3 months old. His passing was unexpected and his sickness was only a few minutes, but these few minutes were of intense suffering. He spent the most of his life in Tennessee, the last thirteen years being spent in Illinois and Missouri. He leaves to mourn his loss, one daughter, Mrs. Hamilton Morris of Virginia, Ill., five grand children, Violet, Earl, Herbert, Scott and Clarence Morris. There also survive him, three sisters, Mrs. Mat Moody of Tennessee, Mrs. Thana Thomason of Missouri, and Mrs. Anna Bridgman, of this vicinity. Two brothers also survive him, Noah, and Lee Gilmore of Tennessee. Four brothers and one sister have preceded him in death. When a young man he united with the Missionary Baptist church at Mill Springs, Tenn., and remained a member of this church until his death.

Robinson.
Funeral services for the late Mrs. Martha Robinson were held from the M. E. church at Concord Friday afternoon at 2:30. Rev. Thomas Symond of Greenfield, a former pastor, conducted the services which were of a most impressive character. Music was furnished for the occasion by Mrs. Johnson, Miss Alma Williamson, Mrs. J. Cooper, Mrs. Hess, E. G. Smith, Bert Way, C. E. Newton and C. O. Bayless with Mrs. Kreuer, accompanist. The bearers were W. H. Williamson, F. C. Nickel, M. O. Smith, A. C. Valentine, and R. L. Leonard.

Flowers were cared for by Mrs. A. W. Smith, Mrs. C. O. Bayless, Mrs. A. Store and Mrs. Ed Smith. Burial was made in Concord cemetery.

Miss Ruth Reynolds daughter of Mr. and Mrs. J. G. Reynolds, will leave tonight for Nashville, Tenn., to re-enter the Ward-Belmont school for the fall and winter term.

DRIVE AGAINST LIQUOR CONTINUES

State's Attorney Robinson Filed Information Against Samuel Crutchfield.

Further work in State's Attorney Carl E. Robinson's drive against illicit liquor selling was done yesterday. Chief of Police Klaman and members of the force made a raid on the residence of Samuel Crutchfield, 1014 Ashland avenue. Crutchfield was not at home at the time but a container of sour wine was confiscated. Later in the day Crutchfield was placed under arrest.

The state's attorney filed information on the basis of evidence he has secured thru a special investigator. The police also searched the residence of Bertina Day, 106 East Independence avenue, and the residence of C. U. Hutcherson, 315 West Lafayette avenue. No liquor was found on these premises.

ST. LOUIS BASEBALL CRAZY OVER SERIES

An Associated Press dispatch from St. Louis early this (Saturday) morning stated that fans had already commenced to gather at the Browns park to await the opening of the gates for the first game of the series with the New York Yankees.

The city is baseball crazy and nothing else is talked of but the coming series which will virtually decide the championship of the American league. The invaders enter the game this afternoon a half game in the lead, having lost at Chicago Friday while St. Louis was defeating Boston.

The Browns will be handicapped by the absence of Sisler who is out of the game because of a strained shoulder. However, the premier first sacker says he will be in the opening game.

S. S. CONVENTION ELECTED OFFICERS

State Worker Wing Gave Inspiring Address—Convention One of B st County Association Has Ever Held.

The Morgan County Sunday school convention adjourned at Waverly Friday afternoon after one of the most successful meetings that the county organization has ever held. The various precincts were presented at the convention by the following delegates:

Alexander, 15; Chapin, 3; Concord, 2; Franklin, 14; Jacksonville, 6; Lidenberry, 1; Lynnville, 2; Sinclair, 5; Woodson, 19; Waverly, 78.

In the closing address of the convention D. H. Wing, state worker, laid special emphasis on the need of backing up the association's efforts to foster personal evangelism, the formation of parent training classes, the formation of teachers' training classes, urging adult Bible classes to support the 18th amendment and urging the different Sunday schools to co-operate in the work of the central organization.

CONSTITUTION FACTS WILL BE SUBMITTED

Publicity Committee Plans For
Extensive Campaign—Annotated
Text Will Be Distributed.

Springfield, Ill., Sept. 15.—Plans were completed today by the Committee on Submission and Address of the Constitutional Convention of which Henry I. Green of Urbana is chairman to print and distribute to the voters of Illinois a million copies of the text of the new constitution adopted by the convention after nearly three years of labor. The text sent out to the people will be annotated in order to show plainly all the changes by the new constitution in the present basic law. The notes are printed opposite each section explaining in plain language just how that section changes, if it does change, the section in the present constitution on the same subject. If the section introduces new matter this also is made plain.

These copies of the new constitution will be available within two or three days and will be distributed rapidly as possible by Mr. Green's Committee.

One of the last official acts of the Constitutional Convention was the adoption of the address to the people of the State. It goes into detail regarding important sections of the new constitution and explains why changes were made from the present constitution. It says:

"Changed conditions and increasing knowledge demand from time to time adjustments in the mechanism of Government.

"In 1889 the people of this State, already dissatisfied with the Constitution adopted only twenty-one years earlier, and elected a Convention to recommend a new Constitution. These

men wrought well and in the following year their work was approved at the polls. For fifty-two years, under the Charter then adopted, Illinois has lived and prospered.

Needed Changes.
"As new conditions and increased experience has before dictated change, so in 1918 the people, again persuaded that revision was required, voted for the calling of a Constitutional Convention and in the following year elected one hundred and two delegates charged with the duty of consulting together and of reporting back to those who had elected them. The men of this Convention came from every part of the State and from many different walks in life. On almost every important question there developed among them wide difference in opinions, opinions often tenaciously held and only reluctantly yielded. Now after many months of labor and many other months of recess, during which differences have lessened and heat has cooled, there has come practical unanimity among the delegates and they join in recommending to the people of Illinois a Constitution as it has been hammered out in their deliberations.

"It is not to be pretended that the instrument is perfect or even that it represents all the hopes and wishes of any one man or of any group of men. It is, as was the Federal Constitution and as all such measures must be, the result of compromise. No voter should approach its consideration with the mind to compare it with his ideal, for this is to condemn it in advance. Nor should it be an objection that some desired provision is not found within its pages, unless that provision is in the old instrument. The real and only question presented to the people of Illinois is: 'Is that proposed new Constitution, framed by your representatives, better than the Constitution under which you now live?'

For Whole State.
"This question must be put and answered in view of the welfare of the whole State and all her population. So, too, it must be put and answered in the knowledge that a Constitutional is not, and does not pretend to be, a statutory code. It is the function of a Constitution only to provide for the form of government, to define the powers and duties of the principal agencies of that government, and to put such limitations upon the powers of the government itself as experience has shown are necessary to the preservation of liberty. Under our system, the legislature has all power not denied to it or expressly given to other agencies and so to the legislature must be left the working out of

the details of law. When the legislature makes a mistake, it can be speedily and easily remedied, while mistakes in the Constitution are much more difficult of cure. For these reasons the Convention has wisely confined itself to matters thought to be fundamental, and left to the General Assembly the wide and fruitful field of legislation. In weighing the merits of the Constitution now offered, these considerations should be borne in mind.

"In order that the voters may intelligently answer the one question which must be answered by their ballots: 'Does the proposed new Constitution, on the whole and in view of the needs of all of the people of the whole State, promise better governmental conditions than the present Constitution?' we who have worked these many months to improve our government, here set forth in brief the principal changes which will be effected and our reasons for believing that they are desirable."

Here follows a detailed discussion of the important sections of the new Constitution.

Final Statement
In closing the address says:

"The highest and noblest political activity of a self-governing people is the adoption of a constitution. History affords no nobler conception of government than that which contemplates self-respecting and intelligent human beings deliberately considering and voluntarily adopting rules which shall be binding upon themselves, and to which they shall first owe obedience.

"The people of Illinois are now called upon for the first time in fifty-two years to enter upon the serious undertaking. The delegates to the convention have constituted but a Committee to consider the changes that may to them seem desirable, and to recommend such changes to the ultimate sovereign, the people. With the people must rest the responsibility. We, of the Convention, have spent many months of patient labor upon this work. By the committees to which were first referred the proposals all citizens who desired to be heard were given opportunity to express their views. Infinite pains have been taken to express these sentiments in formal rules of law.

"To our fellow citizens of the State of Illinois, by whom we were selected to perform the important task of formulating a constitution and to whom we have never failed to recognize our responsibility, we now submit the results of our labor, confident that the people in their wisdom will duly weigh the advantages of the offered constitution as compared with that under which we now live and will by their ballots render a just and wise decision.

"On December 12, 1922, the election will be held to determine whether our judgment of the welfare of the State shall be approved. On that date every man and woman who loves his or her state should glory to discharge the highest political duty of free men and free women and register their opinions at the polls."

CRAMPS, PAINS AND BACKACHE

St. Louis Woman Relieved
by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo.—"I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound for such troubles and they induced me to try it and it has helped me very much. I don't have cramps any more, and I can do my housework all through the month. I recommend your Vegetable Compound to my friends for female troubles."—Mrs. DELLA SCHOLZ, 1412 Salisbury St., St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in one Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exercises a restorative influence of the most desirable character, correcting the trouble in a gentle but efficient manner.

LOCAL MEN TO EXHIBIT AT STATE FAIR

Illinois State Fair visitors will find Jacksonville men represented in the machinery exhibits. Leroy T. Craig, John Snyder and John Hodges are co-partners in the Baker Road Maintainer. Messrs Snyder and Craig are joint-inventors of this road machine, on which, authorities state, there are none better on the market. The Baker manufacturing company of Springfield build these machines. Those interested in road maintenance will be interested in the display of these gentlemen.

SHANKEN'S LARGE ATTENDANCE AT SCHOOL FOR BLIND

Enrollment Indicates Increase In
Number of Students—Many
Betterments Made During Summer Months.

The work of the year at the State School for the Blind will begin Tuesday, Sept. 19. Members of the faculty are already assembling and nearly all of the students will arrive Monday. R. W. Woolston, managing officer of the school, said yesterday that the enrollment promises to be heavier than for several years, as the number of students will be at least 225.

During the summer months a number of physical betterments have been made at the school, at least \$25,000 having been expended in this program of improvements. A great deal of hardwood flooring has been put down and porches have been added to five of the buildings. Interior painting has been done in seven buildings, and the main building has been re-wired, the wires now running in conduits. One of the greatest improvements is in the installation of drinking fountains. The teachers and pupils will find the school property in excellent physical condition.

Members of the teaching force are as follows:

Mrs. Louise B. Inglis, principal.

Hugh Filson, assistant in high school.

Miss Margaret Reed, assistant in high school.

Miss Minnie Coley, distaphone and typewriter.

Leo J. Flood, 7th and 8th grades.

Mrs. Frederick G. Myers, 7th and 8th grades.

M. B. Crabbe, 5th and 6th grades.

Miss Dora Franksen, 5th and 6th grade.

Miss Alice Smith, 3rd and 4th grades.

Mrs. Robert W. Woolston 3rd and 4th grades.

Miss Emma Raynor, primary.

Miss Irene Fritz, kindergarten.

Miss Ella Eckhart, kindergarten.

Miss Grace Libbey, conservation of vision.

Mrs. Helen James, musical director.

George Gerlach, piano and organ.

Frederick G. Myers, violin.

Miss Lorene Dewees, voice.

Miss Ethel Kimball, piano.

Miss Alice Mathis, piano.

Hugh Sullivan, industrial.

Miss Ella Newman, industrial.

Stevenson, piano tuning.

Miss Edith Gillogoly, physical culture.

Miss Francine Moon, librarian.

School Nurse—Miss Terry.

Girls' Supervisors—Mrs. Bert Ward, Miss Lulu Chism, Miss Lillian McGlasson, Miss Bessie Carson.

Boys' Supervisors—Miss Katherine Halpin, Mrs. Charles Cox, Mrs. W. Frazier, Mr. Gruney.

Miss Libbey, who will direct the classes in conservation of vision is an addition to the faculty. The work will have its relation particularly to students who have some vision but who are not able to attend other institutions. Books in especially large print will be used in Miss Libbey's classes and the course of study is designed to help in saving whatever of vision the boys and girls may possess.

AUTO AND BUGGY IN COLLISION
Mrs. Mary Slaughter of East College street sustained some injuries in an automobile accident on South Diamond street Thursday night. A car driven by Samuel Osborne came into collision with Mrs. Slaughter's pleasure near the corner of Edgmon and Diamond streets. The badly frightened horse started to run and Mrs. Slaughter, who continued to hold the reins, was dragged over the dash board for a short distance.

A broken rod attached to the steering gear of the car was responsible for the accident. Young Mr. Osborne was driving at a slow rate of speed, but could not control the car. He jumped from the machine and caught the horse.

Mrs. Slaughter was taken to her home and yesterday was suffering somewhat from shock but fortunately the injuries were not of a serious character.

WOODSON PASTOR RETURNS
Rev. L. H. Fuller has returned to his home in Woodson after a visit of about a week in Dexter, Mo. He will occupy his pulpit at the Woodson Christian church both morning and evening Sunday. His morning theme will be "Service," while in the evening the subject will be "Capital and Labor."

PRINTING NOW FEATURE IN LOCAL HIGH SCHOOL

Electric Press is Now Installed—
Expect to Print School Paper.

Printing has been added to the high school curriculum this year. The high school is getting a more complete technical program every year. The student may learn woodworking, mechanical and architectural drawing, and now printing. A 12x18 Chandler & Price press has been installed and will be operated by an electric motor.

J. S. May will have charge of the printing as well as the manual training departments. He received his education at the State Normal, and also attended South Institute at Menominee, Wis. Two periods, or 80 minutes a day will be devoted to printing.

A class of seven boys including the following has been organized: Allen Kelley, Walter Bradish, Carl Keener, Henry Irving, Maurice Allen, George Dodsword and Charles Race. Some of the above named boys have had experience working out of school hours in local shops. At present not much work is being done, although it is expected that the high school paper, "The Exhaust," will be printed by the students the second semester. At present the class is engaged in setting lumber tickets for use in the manual training department.

Burgoo, Shiloh church,
Sept. 19. Soup ready at noon.

Mrs. Joe Michael of Quincy has returned to her home after a visit with Mrs. J. C. Lukeman.

LEAVE FOR HARVARD
James M. Barnes of West State street, and Felix M. Farrell of West College avenue, left last night for Cambridge, Mass. where they will attend Harvard University. Mr. Barnes will resume his studies in Harvard Law school, and Mr. Farrell will enter Harvard school of Business administration. Both men are Illinois college graduates.

Mr. and Mrs. W. L. Breeding and family of Mound avenue have gone on a two weeks' motor tour, during which time they will visit in Indiana and Kentucky.

BLANKENSHIP HELD YANKS TO FOUR HITS

White Sox Get Eight Safe Blows off of Mays—Ruth Fails to Get a Hit.

CHICAGO, Sept. 15.—Ted Blankenship held the New York Yankees to four scattered hits, while his mates hit the side arm offerings of Carl Mays and won 2 to 1, thereby breaking even on the four game series.

Blankenship had wonderful control in the pinches, and altho he pitched to Ruth on each of his four trips to the plate, the home run slugger failed to get a hit. The Yankees score was the result of a home run drive by Bob Meusel.

ST. LOUIS TAKES ODD GAME FROM BOSTON

ST. LOUIS, Mo., Sept. 15.—St. Louis took the odd game of the series with Boston today, 7 to 1, and advanced to within half a game of first place. New York opens a three game series here tomorrow.

Vangilder allowed only five hits, did not walk a man, and got two safeties out of four trips to the plate.

Sisler's injured shoulder was reported improved today and he expressed hope of being able to play tomorrow, but his physician has advised against it.

SAYS BIG TEN TITLE ONLY NONENTITY

IOWA CITY, Iowa, Sept. 15.—

Telling the 61 candidates who re-

ported to him this morning that

the western football champion-

ship eleven of which the Univer-

sity of Iowa boasted last year is a

nonentity, Coach Howard H. Jones

drove the line aspirant thru a

two hour drill this morning. Only

ten men of the 61 invited to the

initial practice were missing at

roll call today and part of them

are expected tomorrow.

Coach Jones turned the back

field men over to Major Ray Hill

and Albert P. Jenkins, assistant

coaches. Two practice sessions

will be called each day until the

beginning of class room work,

September 25.

NORTHWESTERN STARTS PRACTICE

Chicago, Sept. 15.—Twelve

regular and about 25 other candi-

dates reported today to Coach

Thistlethwaite's call for first

football practice at Northwestern

university. Among the men were

Captain Jimmy Patterson, Chuck

Palmer, Penfield, Putnam Mills,

McElaine, Herman, Wolfe,

Dahl, Larry Norton and Scott.

Townsend, who formerly was

at Southern California university

and who was all California guard

for two years and Wood, another

Southern Californian were on

hand for the first practice. Taylor

a negro, who gives promise of

showing up well also reported.

Coach Thistlethwaite said he ex-

pects 75 men to be out for prac-

tice the first of the week.

SIXTY-FIVE OUT AT CHICAGO UNIVERSITY

Chicago, Sept. 15.—Sixty-five

men turned out at the University

of Chicago today in answer to

Coach Stagg's call for candidates

for the football team. They were

put to work at tossing the foot-

ball.

Among the veterans present

were Harold Lewis, captain, who

will play at tackle, King, center;

Strohmeier and Dickinson, ends;

Fletcher, guard.

Coach Stagg will be troubled

this year in filling the place at

quarter-back left vacant when

"Mitt" Romney was declared in-

eligible.

MICHIGAN STARTED PRACTICE FRIDAY

ANN ARBOR, Mich., Sept. 15.—

"Hurry up" Yost's famous

smile, mole skins and the pigskin

were out on Perry Field today

for the first time since last fall at

the opening of practice sessions

for 1922 University of Michigan

gridiron candidates.

Thirty-seven men responded to

Coach Yost's call. The veter-

ans included Paul Goebel, "varsity

captain and end; Knoke,

Uteritz, Kirk, Vanorden, Muir-

head and Swann. The recruits in-

clude some promising material.

For the next two weeks the

time will be devoted largely to

limbering up, "skull drills," and

punting practice. Yost are Little

Mather, in charge of the linemen

and Wieman.

GIANTS MAKE IT SEVEN STRAIGHT GAMES

Take Last Game From Chicago
By Score 7 to 6—Cubs Rally in
Ninth and Score Five Runs.

NEW YORK, Sept. 15.—The New York Giants made it seven in a row and three straight from Chicago by winning the last game of the series 7 to 6. As Pittsburgh lost to Boston the champions increased their lead to six full games over the pirates. New York scored five runs off Os-

borne and then was held hitless by Stueland until the seventh. Hill, Indianapolis recruit pitched well for the Giants until the ninth when the Cubs staged a rally that netted five runs.

Scott relieved Hill and tanned Barber for the last out.

PRICE MOVEMENTS WERE IRREGULAR

By Associated Press.
NEW YORK, Sept. 15.—Price
movements in today's stock
market were irregular and in-
fluenced by professional activities
but the main trend continued up-
ward. There was a noticeable
slackening of bear pressure and
less vigorous speculative buying
with the result that changes were
largely within narrow limits. The
undernote continued strong.

Public utility issue made the
most spirited advance gains of 1
to 3 points in that group bringing
many stocks to new high records
for the year. The railroad list
was featured by the advance of
New York Central to par and new
high for the year by Pennsyl-
vania and New Orleans, Texas
and Mexico.

Steels and equipments were
quite active but with the excep-
tion of a decline of 1½ in Baldwin
due largely to week-end profit-
taking the changes in these
groups were only nominal. Total
sales approximated 1,100,000
shares.

Foreign exchange rates again
were irregular but with a narrow
range of variation. There was a
renewal of offerings of grain and
cotton bills but one of the out-
standing developments in the
market was the supply of sterling
and guilders against shipments
of flour, the offerings coming di-
rect from western points. Demand
for sterling was heavier than
fractionally higher and Dutch
held steady. Call money held
steady at ½ per cent. Time
money rates continued firm.
There was a fair market for com-
mercial paper.

Liberty issues were irregular
price changes moving within nar-
row limits. Total bond sales (par
value) were \$14,634,000.

FINE PROGRAM GIVEN AT HIGH SCHOOL

New Conservatory Teacher of Voice Heard in Assembly Program—Other High School Notes.

Mr. Lovejoy, new teacher of voice at Illinois college conservatory of music, was heard yesterday morning at the local high school assembly in several numbers. He was accompanied by Professor Munger, on the piano, and Professor Kritch on the violin. He presented three numbers: "Sort of Miss You," "Tommy Lad," and "Give a Man a Horse he Kin Ride." The audience was so pleased with these songs that it brought the singer back and he gave "Blind Plowman," by Clark, as an encore. It was hoped to have had this concert on the opening day of school but several matters interfered at that time. Principal Shaffer announced that he hoped to secure more talent of the same calibre for other assemblies later in the year.

Following Mr. Lovejoy's concert Mr. Shaffer spoke for several minutes on good citizenship. He emphasized the point that every citizen of a democracy should see that it's laws are obeyed and should take a personal interest in law enforcement.

To Nominate Class Officers
One of the important announcements that were made, was that petitions for the nomination of class officers may now be passed among the members of the various classes. In order for a nomination to be made the student running for office must secure at least twenty per cent of the class membership's signatures to a petition. In order to be elected the prospective officer must be up in his studies and have the required number of credits for his class.

It was announced that distribution of seats for assembly would be made Monday morning and that the students are to take their new seats on Tuesday morning.

As the students filed out of the assembly room they were each given a brief examination by the Misses Ryman and Hutchinson of the school nurse service and Miss Stevens of the county health officers staff.

School is now well started and all misfits in programs have been arranged. Considering the equipment and teaching staff this year should prove one of the most successful in the career of the high school. Coach Mitchell made an announcement that the first football game would not be today but a week from today.

CLUBS AND SOCIETY

Held Regular Meeting

The Jacksonville business and professional women's club met last evening in their regular session in the Pilgrim Memorial Building of the Congregational church. The meeting was of an informal and get together nature, no set program taking place.

Entertained Informally

Last evening Miss Mary Janet Capps entertained informally at her home on Mound avenue. Six couples were present and enjoyed the evening with dancing. Dainty refreshments were served at a late hour.

Reception Given For Public School Teachers

The teachers of the Jacksonville schools held a reception at the high school building last evening. Over one hundred teachers were present from the ward schools and the high school as well as the members of the Board of Education.

An informal program of music and speaking constituted the opening of the evening's social feature. Miss Edna Wardhaugh favored the teachers with a piano solo and this was followed by a reading by Miss Gorbam of the public speaking department of the high school faculty. Miss Antonette Goveia rendered a delightful instrumental solo, after which games and a social hour was had.

Following the social hour refreshments were served. A feature of the evening was a label pinned to each guest designating the position held by the wearer in the school system of the city.

Birthday Surprise for Mrs. George Brown.

A birthday party was given Thursday evening at the home of Mr. and Mrs. George Brown, 996 East College avenue, the affair being in honor of the birthday of Mrs. Brown, and also in honor of her uncle, S. B. Powell of Greenville, Ohio, who is a guest at the Brown home.

During the evening progressive euchre was played and delightful refreshments of ice cream and cake were served. When the guests departed it was with the hope that Mrs. Brown may celebrate many more happy birthday anniversaries.

The company included Mr. and Mrs. H. S. Rayborn, Mr. and Mrs. Marshall Smith, Mr. and Mrs. J. W. Bowen, Mr. and Mrs. Philip Schultz, Jr., Mr. and Mrs. F. V. Curran, Mr. and Mrs. Luther Culp.

Mound Woman's Country Club Met.

The Mound Woman's Country club met Thursday afternoon at the home of Mrs. John Boddy, west of Markham. The assistant hostess was Mrs. Robert Marshall. There was a good attendance of member and guests.

Mrs. J. T. Gunn presided over a long business session. Plans were made for a masquerade party at the time of the next meeting. The committee to arrange for this is Mrs. J. J. Vasey, Mrs. Goddard Tendick, Mrs. Denby Killiam and Mrs. H. Stevenson.

Delegates were appointed to the Federation in Jerseyville in October. They were Mrs. John Lazenby and Mrs. Fred Tendick. Plans were made to have a pressure cooker demonstration in the near future.

The M. W. C. C. had been organized eight years in August and a commemoration of the event, the secretary, Miss Edith Stewart, wrote a very interesting historical sketch, giving the important facts and the activities and charity work done that time. The club has grown from twenty charter members to fifty, which is now the limit.

After the business Mrs. J. W. Clary gave a very interesting demonstration on cake baking. After the baking the cake was cut and passed to the members and was of very fine texture and excellent flavor.

The hostesses served delicious refreshments and the company was delighted with the afternoon's pleasure.

WITH THE SICK

Frank Byrns, who has been a patient at Passavant hospital for several weeks, was able to drive out yesterday and is expecting soon to again be at his home, 873 West State street.

W. L. Alexander is to continue a patient at Our Saviors hospital for some time to come. Mr. Alexander was taken to the hospital recently for an operation which after a consultation of physicians was postponed for a number of days. The condition of the patient while serious is not accounted as immediately critical. Mr. and Mrs. James Alexander are here from Chicago on account of Mr. Alexander's illness.

George C. Guthrie who has been at Passavant hospital for several weeks is to return to his home on Park street today. Mr. Guthrie's condition is much improved.

Miss Willa Smith, who is employed at the Ayers National bank, is enjoying a two weeks' vacation which she will spend visiting friends and relatives in Springfield and Virden.

Richard L. Dye, chief of the division of factory inspection in Illinois, is spending a few days at his home here.

Mr. and Mrs. H. D. Dobyns and children drove to Tuscola yesterday to spend a few days with relatives.

DRILLING FOR OIL ON RAYBORN FARM

P. C. Irwin Has Well Cleaned and Is Sinking It to Greater Depth—Geologist Accompanies Kansas Operator.

The work in progress on the Rayborn farm northeast of the city is now attracting attention of persons interested in oil and gas development. A recent paragraph thru error indicated that this well, which P. C. Irwin of Iola, Kans., is having put down, is on the Rayborn farm and Mr. Irwin had it cleaned out and is drilling it deeper. In fact, the drill is now down to a depth of 600 feet, while the well was originally bored only to a depth of 340 feet.

Mr. Irwin is here, accompanied by his geologist, Cecil Pease, and they are giving their careful attention to the drilling operations. Mr. Pease said yesterday that if the walls of the well will hold it is his intention to drill this well to a depth of 1,000 feet. However, it has been necessary to use the 63 inch casing at the present depth and it may not be possible to go to the 1,000 depth.

When this well has been finished the drilling rig will be moved to the Orear farm a mile and a quarter distant, where the site has been chosen for the next Irwin well. The fact that casing and some drilling apparatus has already been hauled to the Orear farm gave the basis for the earlier story that drilling operations had begun there.

Both Mr. Irwin and Mr. Pease are quite conservative in their statements. They evidently believe that oil and gas are to be found here, but they are not yet certain about the location. Mr. Irwin has a large acreage under lease and is ready to put down just as many wells as conditions and possibilities justify.

"I have drilled many a dry hole," Mr. Irwin said last night, "along with the producing wells that I have found. That is the lot of most men who follow the oil business. It requires the expenditure of money and a willingness to take chances. In one field where I have interests I drilled nine dry holes before I located a producing well. But after that my luck was much better and we put down a series of wells that showed a good production."

Mr. Irwin has Mr. Pease with him the greater part of the time, a young man with technical training who has specialized in geological work for a number of years. While a geologist in such work pays some slight attention to the topography of the country, most of his work is in connection with the underground structure as shown by the drill from hour to hour.

FALL OPENING NOW AT HERMAN'S STORE

Splendid Showing of Ready to Wear Garments at Well Known Establishment.

For more than thirty years the show rooms of Herman's Ready-to-Wear and Millinery establishment in this city have been an object of great interest to the ladies of Jacksonville and vicinity at this season of the year, the occasion of the brilliant fall openings so admirably arranged by Mr. and Mrs. Herman, Miss Rosenthal and their large corps of capable and experienced salesladies and millinery designers.

The fall opening this year continues two days, ending tonight. The Herman store was crowded Friday with visitors eager to see new articles of feminine apparel which are a distinctive mark of the true ability shown by them in the selection from the great mass of garments exhibited by the manufacturers, only the choice and really distinctive.

In millinery the models shown from famous national designers and those designed by Herman makers brought forth many exclamations of delight and words of praise from the visitors, as did the exhibition of suits, dresses, coats and blouses. The showing was magnificent in every respect but because of that fact persons should not hold the idea that only articles of high price are obtainable. The Herman establishment is noted for quality merchandise and reasonable prices and one may buy highly satisfactory garments in the latest mode at a moderate figure.

JAY RODGERS WEDS MRS. BERLILE BLACK

Marriage Just Announced Solemnized at Edwardsville September 6th.

Announcement has just been made here of the marriage of Jay Rodgers and Mrs. Berlile Black of Waverly which was solemnized in Edwardsville Sept. 6. The ceremony was performed at the Methodist parsonage there by Rev. Mr. Poole with only two or three intimate friends present as witnesses.

Mrs. Rodgers is a daughter of M. J. Black of Waverly and is very highly esteemed there as well as in White Hall, her former home. Mr. Rodgers is now the successful manager of the Ford garage in Waverly and is president of the Commercial Association of the town. In the world war he saw service in several of the great offensives and his general record is one in which his friends and relatives can well take pride.

MERRIGAN'S

"NORTH AMERICAN" AND "SOUTH AMERICAN"

The big, white cruising steamers, the North American and South American, of the Chicago, Duluth & Georgian Bay Transit company line, at the completion of their season's run, have been laid up in Detroit for the installation of oil burning equipment under the boilers.

The finest Trans-Atlantic liners have been rapidly changing over to oil burners during the last few years. But these will be the first two large passenger carrying steamers on the great lakes to have this equipment.

This change will not only make for greater economy and speed of operation, but will add greatly to the comfort of passengers, as it will eliminate the noisy, dirty coal burning operations which have heretofore been necessary along the route.
